ABOUT US

The Industry's Powerful Trading Platform!

Istanbul International Hardware Fair slightly opens the doors to a substantial commercial arena by gathering all stakeholders in the sector together. Offering the opportunity to reach a wide customer portfolio across the industry spectrum, our fair offers the chance to meet with visitors from Türkiye and surrounding countries to all SMEs aiming to increase production efficiency.

Worldwide Business Opportunities!

Istanbul Hardware Fair paves the way for business agreements by hosting professional visitors mostly consisting of company owners and general managers. This is a true meeting point for all industry leaders, CEOs, general managers, finance managers, technical department managers and other industry professionals as well willing to discover new technologies and learn about products and services.

Platform for Advanced Connectivity!

Istanbul International Hardware Fair offers the opportunity to gather with sector professionals from all over the world. Participating companies would have the opportunity to meet their target audiences and establish new business connections in the sector as well. The exhibition also addresses to a wide range of professionals covering the whole industry including industrial facilities, shipyards, residences, architecture and construction companies, public institutions and wholesalers etc.

WHY ISTANBUL INTERNATIONAL HARDWARE FAIR?

Strategic Location: Türkiye's unique geographical advantage provides easy access to manufacturers and buyers from Europe, Asia and the Middle East. This makes this fair a central point for business relations.

B2B Business Platform:

As Voli Fuar, we are proud of offering our participants and visitors the platform that allows information exchange. Our successful organizations and international broadcast communication network dating back years ensure a productive experience for participants.

Adaptive Communication:

In order to be able to get effective results at our fair;
we constitute a correct and sound communication configuration by matching target country & target sector by our specialized team in visitor activities.

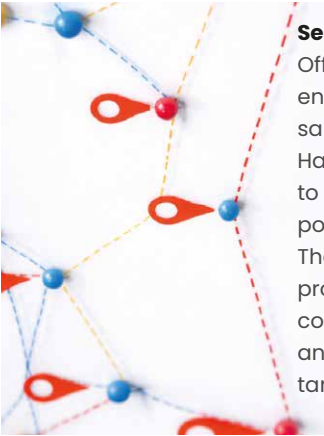

B2B Business Platform:

Huge Market Potential:
With a population exceeding 80 million, Türkiye is not only a promising market in itself, but also offers the opportunity reaching to a huge market, including neighboring countries.

Sectoral Network:

Offering opportunity to bring the entire sector together under the same roof, International Istanbul Hardware Fair delivers possibility to access to a wider customer portfolio in its industrial spectrum. The SMEs – which aim to raise production efficiency and competition coming from Türkiye and surrounding countries are targeted to visit the fair.

Increase Your Business:

Hosting the real commercial venue eagerly awaited by the sector, the fair offers a unique and exceptional opportunity to both boost business volume and inspire new projects. The 10th International Istanbul Hardware Fair will be held in an expanded exhibition area of 30,000 square meters at the Istanbul Expo Center on 18–21 November 2026.

COMPARISON OF PAST EXHIBITONS

		Net Exhibition Area	Domestic	Foreign	Number of participants	Visitors
March	2017	4000 sqm	62	4	66	5285
March	2018	5500 sqm	99	5	104	8584
March	2019	10800 sqm	128	9	137	9215
March	2020 ¹	10800 sqm	160	4	164	6308
October	2021 ²	10800 sqm	154	-	154	10.559
September	2022 ³	25000 sqm	250	7	257	23.525
August	2023	45000 sqm	280	130	410	17.141
November	2024	52000 sqm	137	239	376	29.755
November	2025	52000 sqm	110	265	375	28.918

1 2020 addresses the outbreak of Covid-19 in Türkiye, which was announced just 2 days before the fair held. About 20 international companies already reserved for the fair had to cancel their participation. But despite all these negative effects regarding the fair, the fair was held successfully.

2 The exhibition achieved a major success both domestically and internationally regarding visitors in a time before the Covid-19 pandemic was over globally.
